

BOIL WATER ADVISORY LIFT NOTICE

EFFECTIVE IMMEDIATELY

FOR CUSTOMERS OF THE NORTH 29 AREA, VIRGINIA

Due to a water main break and flooding at the North Rivanna Water Treatment Plant, low pressures occurred in the water system and customers in a portion of the North 29 Area were notified on Thursday, May 31, 2018 of a possible problem with the drinking water. As a precautionary measure, they were advised to boil the tap water before using. Those areas previously under a Boil Water Advisory were the following:

Hollymead Town Center	Gateway Circle
Airport Road	Leake Lane
Worth Crossing	Conway Lane
Moubry Lane	Burgundy Lane
Innovation Drive	Deerwood Subdivision
Forest Springs Mobile Home Park	North Fork Research Park
Cedar Hill Park	Camelot Subdivision
Briarwood Subdivision	Rivers Edge Lane
Rivers Edge Road	North Pines Subdivision
Rivanna Station	Seminole Plaza
Northside Drive	GE
Airport Plaza	Proffitt Road from Leake Lane to Route 29
Quail Run	Decatur Drive
Timberwood Boulevard	

The Albemarle County Service Authority is pleased to report that water service has been restored and subsequent water quality testing shows the water quality to be safe.

THE BOIL WATER ADVISORY IS LIFTED and it is no longer necessary to boil your water before using. The following measures are strongly encouraged at this time:

- Empty and clean your automatic ice makers and water chillers.
- Service connections with a water softener/cartridge filters should be run through a regeneration cycle or other procedures recommended by the manufacturer.
